Technical features at a glance

Airless spray gun
with ladder holder

Aircombi spray gun

Airless nozzles

HP injection sets

Injection packers

Wheel set A 4000

Field of application:

Airless A 4000 and A 5000 are electric Airless diaphragm pumps for the application of 1 and 2-component injection resins, liquid injection products, lacquers with a flame point over 21°C, water based paints, primers, fillers, wood protection products, wall paints, dispersion paints, fungicides, stains.

Description:

A 4000 and A 5000 are electric high pressure units with a working pressure from 0 up to 230 bar. **Both models are available in aluminium or stainless steel version. Stainless steel version is recommended for use with alcalic and corrosive products.**

Only electric power supply of 230 V is necessary for the operation, therefore A 4000 and A 5000 are suitable for building sites – no compressed air is needed. A 4000 is also available on a frame for mobile use in restoration and for easiest transport. Depending on the choice of accessories all models are suitable for the use as injection, airless and air assisted spray equipment.

The intake valve is completed with a trigger – in case of blocking the valve can be easily opened with the trigger. Working pressure is steplessly adjustable with the pressure regulator from 0 – 230 bar. Trolleys with big wheels enable easy transport also over stairs and on every building site. Integrated in the trolley is a tool box for storage of nozzles, injectors, filters etc.

Model A 5000 is also available with gas driven motor.

Technical Data

	A 4000	A 5000
Motor	0,75 KW	1,5 KW
Voltage / Frequency	230 V / 50 Hz	230 V / 50 Hz
Fuse	10 A Text	10 A
Power cord	3 mtr	3 mtr
Capacity / min	2,5 ltr	4,5 ltr
Noise level	75 dB(A)	75 dB(A)
Max. working pressure	230 bar	230 bar
Hose length max.	20 mtr	40 mtr
Hose connection	M 16 x 1,5	M 16 x 1,5
Max. Nozzle size	0,021"	0,029"

Choice of accessories:

- Hopper 6 ltr
- Hopper 30 ltr
- Suction hose ass. lacquer
- Suction hose ass dispersion (A 5000)
- HP-spray gun with swivel
- Choice of hp airless nozzles
- HP injection gun
- Injection set with / without press.gauge
- Nozzle extensions
- Brush cleaning set
- Digital flow meter
- Wheel set A 4000
